

ALUMINIUM PARALLEL GROOVE CONNECTOR

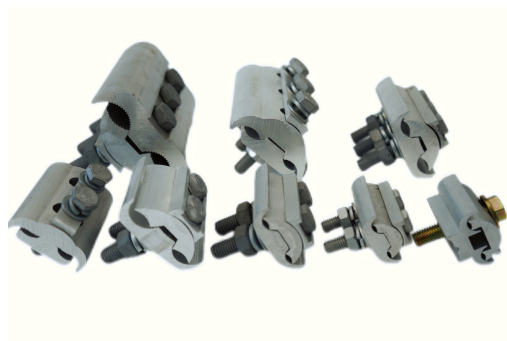

Application:

Used for connection of aluminium conductors in medium voltage.

Material:

Body: Aluminium Alloy

Bolt: hot-dip galvanized steel or stainless steel

Feature:

- Special designed screw hole and arc shape of the body allow connector to hold different cable sizes on each side.
- Pad under bolts ensures uniform pressure to connector.

Model	Conductor Size (mm ²)	No. of Bolts
ZN-A1	AL 16-70mm ²	1
ZN-B1	AL 16-35mm ²	2
ZN-B2	AL 16-70mm ²	2
ZN-B3	AL 16-150mm ²	2
ZN-B4	AL 35-300mm ²	3
